

Dear Parent,

Here's an update about Aj's math class. This year, the students would be using this exciting educational program SplashLearn to supplement their math learning.

While we do use SplashLearn during school hours, I'll be giving additional assignments on SplashLearn that students can work on at home. It'd be great if you can encourage Aj to work on these assignments regularly. Your involvement will boost Aj's confidence and accelerate the pace of learning.

Besides doing home assignments, Aj can develop math fluency through regular practice at home. Also, you can see Aj's progress through SplashLearn's comprehensive reports and keep a track of your child's learning.

To get started, sign-in as a parent, in two simple and easy steps:

Step 1: Visit **www.splashlearn.com/home-access**

Step 2: Enter Teacher Unique code - **UXZPD8**

OR

Scan this QR code

You can reach out to the SplashLearn team at help@splashlearn.com for any queries.

Thanks,
Teri Sharpe
Aj's Math teacher

P.S. Please note that you will be signing up for a limited version of SplashLearn that is completely free of cost. This version will give you access to my assigned practices, math facts and progress reports.

Dear Parent,

Here's an update about Anton's math class. This year, the students would be using this exciting educational program SplashLearn to supplement their math learning.

While we do use SplashLearn during school hours, I'll be giving additional assignments on SplashLearn that students can work on at home. It'd be great if you can encourage Anton to work on these assignments regularly. Your involvement will boost Anton's confidence and accelerate the pace of learning.

Besides doing home assignments, Anton can develop math fluency through regular practice at home. Also, you can see Anton's progress through SplashLearn's comprehensive reports and keep a track of your child's learning.

To get started, sign-in as a parent, in two simple and easy steps:

Step 1: Visit **www.splashlearn.com/home-access**

Step 2: Enter Teacher Unique code - **N7G56W**

OR

Scan this QR code

You can reach out to the SplashLearn team at help@splashlearn.com for any queries.

Thanks,
Teri Sharpe
Anton's Math teacher

P.S. Please note that you will be signing up for a limited version of SplashLearn that is completely free of cost. This version will give you access to my assigned practices, math facts and progress reports.

Dear Parent,

Here's an update about Brie's math class. This year, the students would be using this exciting educational program SplashLearn to supplement their math learning.

While we do use SplashLearn during school hours, I'll be giving additional assignments on SplashLearn that students can work on at home. It'd be great if you can encourage Brie to work on these assignments regularly. Your involvement will boost Brie's confidence and accelerate the pace of learning.

Besides doing home assignments, Brie can develop math fluency through regular practice at home. Also, you can see Brie's progress through SplashLearn's comprehensive reports and keep a track of your child's learning.

To get started, sign-in as a parent, in two simple and easy steps:

Step 1: Visit **www.splashlearn.com/home-access**

Step 2: Enter Teacher Unique code - **TIO3LB**

OR

Scan this QR code

You can reach out to the SplashLearn team at help@splashlearn.com for any queries.

Thanks,
Teri Sharpe
Brie's Math teacher

P.S. Please note that you will be signing up for a limited version of SplashLearn that is completely free of cost. This version will give you access to my assigned practices, math facts and progress reports.

Dear Parent,
