

Dear Parents,

Wow! It is already week three of home learning. I hope things are going well for you and your child. Please remember to reach out to me if you have any questions or concerns.

This week I am introducing an online math program that is recommended by the district. It is called Dreambox and each parent will receive the login information in a personal email. I am also continuing with numbers to 100 and addition/subtraction facts.

You can access Dreambox from your PC or iPad

PC - from your internet browser, use this link:

<https://play.dreambox.com/login/knjs/suw8>. Your child uses a picture password, therefore you will need to enter this **Classroom Code: 57226**.

iPad- download the DreamBox Learning Math app by going to

<https://www.dreambox.com/ipad> or search for "DreamBox Learning Math" in the App Store. When prompted in the app, enter this school code: knjs/suw8. Our students are using picture passwords (sent to you in an email), you will need to enter this **Classroom Code: 57226**

If you cannot access Dreambox, please use the other math options in the home learning document. 😊

Please continue to have your child read each day. We will stay with the kidsa-z.com for those doing the online reading. It is impressive to see how many books each of you are reading every week.

The weather is starting to get nice. It is a good chance for all of us to get out and enjoy the sun....just remember to keep a safe distance from others.
